

## Euro XVI wildland fire pants

Scan the QR code and find more information about our product.

### USES

- Forest pants made with inherently flame-resistant fabric, without treatments that wash out.
- All components are flame-resistant, including fabrics, threads, reflective tape, hook-and-loop, front button, and covered automatic brass zipper, preventing heat transfer from the exterior to the interior of the garment and avoiding contact burns.

### DESIGN AND MATERIALS

- The pants feature reinforcements in high-stress areas. Seams are triple-stitched with an anti-snap design that provides high durability.
- Reinforcements and seams do not interfere with the user.
- Soft-touch fabric that feels comfortable on the skin. It allows perspiration and body heat to dissipate, and combined with its color selection, reduces solar radiation absorption and lowers thermal stress factors.

### QUALITY

- EURO XVI flame-resistant pants are manufactured under the highest international quality standards and certified by AITEX (Spain). Their design and materials comply with standards ISO 16073-3:2019 and UNE-EN ISO 15384:2020, guaranteeing protection, durability, and comfort under extreme wildland work conditions.

### CERTIFICATIONS

- EN ISO 13688:2013 + A1:2021 · EN ISO 15384:2020 · ISO 16073-3:2019 · EN 1149-5:2018.

## POCKETS

- 1 It has two front diagonal pockets with flaps to prevent debris from entering.
  - 2 Two cargo-style side pockets.
  - 3 Two back patch pockets.
- All pockets, as well as the seams, are designed to avoid snagging on vegetation.

## WAISTBAND

- The waistband is high to provide greater protection to the lumbar area.
- Wide belt loops that allow the use of NATO-style belts. It includes an internal adjustment system for better fit to the body.
- Elasticized waistband with 7 belt loops.

## DESIGN

- Ergonomic design with articulated panels at flex zones that provide mobility and reduce fatigue during long shifts. It also includes a gusset in the crotch area for greater comfort, even when lifting the legs.
- Articulated knees: provide natural movement to the leg.

## REFLECTIVE TAPE

- 100% meta-aramid flame-resistant reflective tape that provides 360° visibility.
- Improved visibility during day and night.

## LEG OPENINGS

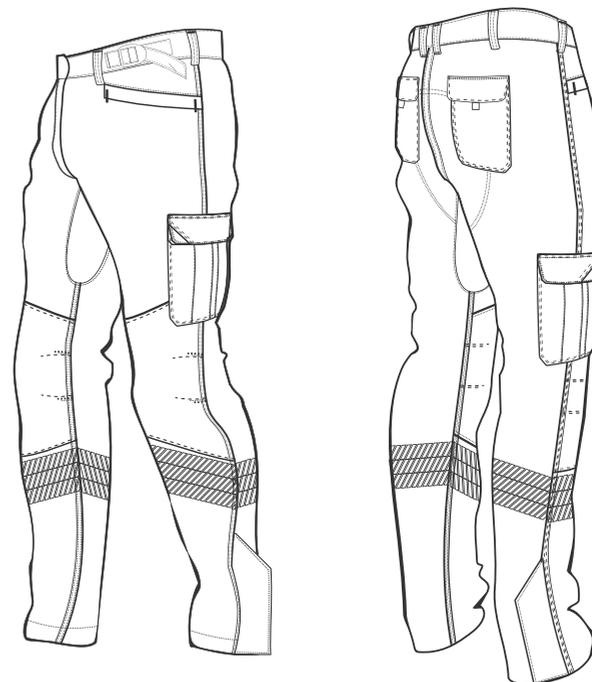

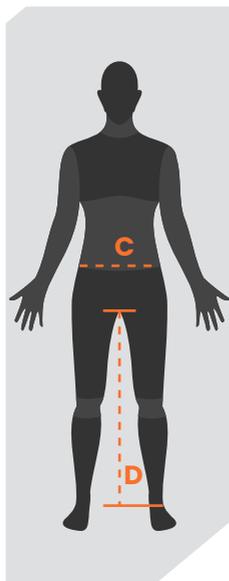

- They feature an adjustable system with hook-and-loop fasteners that allow the wearer to tighten them to the boot or leave them looser, with the flap folding backward to avoid snags.

## Forestry Pants Size Chart EURO XV

**Measurement C** is the waist circumference, measured at hip bone height

**Measurement D** is the inseam length, measured from crotch to ankle.

Sizes not listed in this chart are considered special orders, which may vary in cost and delivery time.

Body measurements shown; garment dimensions may differ.

	Measurement/Size	XS (36)	S (38/40)	M (42/44)	L (46/48)	XL (50/52)	XXL (54/56)	XXXL (58/60)
RECOMMENDED BODY MEASUREMENTS	C- Waist	Up to 70 cm	Between 71/78 cm	Between 79/86 cm	Between 87/94 cm	Between 95/102 cm	Between 103/110 cm	Between 111/118 cm
	D- Inseam Length	Up to 72 cm	Up to 74 cm	Up to 76 cm	Up to 78 cm	Up to 80 cm	Up to 82 cm	Up to 82 cm
PANT SIZE	Waist Circumference	76 cm	84 cm	92 cm	100 cm	108 cm	116 cm	124 cm
	Inseam Length	74 cm	76 cm	78 cm	80 cm	82 cm	84 cm	84 cm
