

WILDFIRE

FLD Forestry Hose

A rubber-covered, layflat hose for forestry fire fighting

TECHNICAL SPECIFICATIONS

- | It is a rubber-covered, layflat hose for forestry fire fighting. Its small size, heat resistance, and low weight are an asset.
- | It is available in bright yellow and a $\frac{3}{4}$ " (19 mm) version to allow greater flexibility. It exceeds NFPA 1961 and UL standard performance requirements.
- | It is available with both couplings: GHT and Baby Merlug® $\frac{3}{4}$ " QC (patented).
- | The hose is woven with synthetic yarns and has an inside nitrile rubber lining. It offers excellent low temperature strength and flexibility, resistance to abrasion, oil and chemical resistance, and low friction pressure loss.
