

Fire hose washer

USES

- | Specially designed for cleaning hoses used by firemen and municipalities, this economical tool is compact, simple, and effective.

DESIGN AND MATERIALS

- | Angular water jets perform the cleaning and help move the hose through the washer.
- | The 3-inch hose washer washes hoses of up to 76 mm (3") with threaded couplings.
- | This cleaning device of 38 mm (1 1/2") washes hoses of up to 38 mm (1 1/2") with quick or threaded couplings.
