

PERSONAL PROTECTION - **TORSO**

OSLO Model Softshell jacket

USES

- | The Oslo jacket was designed with the functionality and comfort demanded by outdoor activities in mind. Softshell is characterized by its three-layer construction, which makes it suitable for all weather conditions.

MATERIALS

- | Designed in three-layer softshell with a plush extra layer in the hood. This allows to keep body heat by releasing moisture and perspiration.
- | Water resistant.
- | Available in blue and coral.

DESIGN

- | It has Napoleon pockets with zippers on the front. It has a high collar; the back part is longer, and the inside of the hood lined with plush for a better protection against weather.

It can be adjusted to the body with drawstrings in the lower hem,, and it ensures total protection of the head thanks to its adjustment system and high collar.
