

EURO XVI SHIRT SIZES CHART

- Measure A represents the circumference of the torso by placing the tape measure right under the armpit with the arms down and in an upright body position. Take the measure with a T-shirt on.
- Measure B is taken in the same body position as A. It is taken from the shoulder to the wrist, going over the elbow.
- XXXL and sizes not shown in this chart are considered special sizes. Their prices and delivery time can vary

The measurements in the chart are body measurements, not garment measurements.
