

Work pants XVI

FIRE-PROOF MATERIAL

- | Work pants made of 100% cotton 8-ounces gabardine, fabric that is soft in contact with the skin, an ergonomic design with pleats in the bending sections which provide full mobility and reduce fatigue during long working days.
- | Two cargo-type side pockets, two back flap pockets, and two diagonal pockets at the front. All of them, just as the seams, with a design that prevents them to get hooked in vegetation.
- | The waist band is elastic inside, so the fit is perfect.
- | Work pants made with cotton gabardine.

REINFORCEMENTS

- | These pants have reinforcement in the areas of greater friction, such as the knee and the seat. They have triple seams with an anti-hook design which provide great resistance for any kind of movement. The reinforcements and seams are carefully designed to not interfere with the user and avoid uncomfortable areas during prolonged use.

DESIGN

- | Ergonomic design with pleats in the bending sections, which provide full mobility and reduce fatigue during long working days.

Work pants XVI

DETAILS

Two side pockets

POCKETS

- | The pants have two diagonal front pockets with flaps to prevent debris from getting inside.
- | Two cargo-type side pockets and two Napoleon-type back pockets.
- | All of the pockets and the seams are designed to avoid snagging with vegetation.

WAISTBAND

- | The waist is high to provide greater protection on the lower back area. They have wide belt loops, so NATO-style belts can be used. They also feature an adjustment system for a better fit to the body.

Elasticized waist with 7 belt loops

The best waist fit with any size

REFLECTIVE TAPE

- | 100% meta-aramid fire-proof reflective tapes, which provide 360° vision.

CUFFS

- | They have a Velcro fastening system, so they can be worn tight or loose, and their flap stays backwards to avoid snagging.

Knees with pleats:
They allow the leg to move naturally

Reflective tape:
Better visibility during day and night

Work pants XVI Chart of Sizes

- Measurement C represents the waist circumference measured at the hip bones.
- Measurement D is taken from the inseam to the ankle.
- Sizes not shown in the table are considered special sizes, so they may differ in cost and delivery time.

The chart shows the measures of the body, not the ones of the garment

GARMENT	Measure/size	XS (36)	S (38/40)	M (42/44)	L (46/48)	XL (50/52)	XXL (54/56)
PANTS	C-Waist	Less than 72 cm	Between 73/80 cm	Between 81/88 cm	Between 89/96 cm	Between 97/104 cm	Between 105/122 cm
	D-Cross point length	Up to 72 cm	Up to 74 cm	Up to 76 cm	Up to 78 cm	Up to 80 cm	Up to 82 cm
