

Work Shirt XVI

USES

- It is specially designed to be used during long working days. It offers excellent mechanical protection in daily tasks outside the fire line, at the base, or in maintenance operations.

DESIGN AND MATERIALS

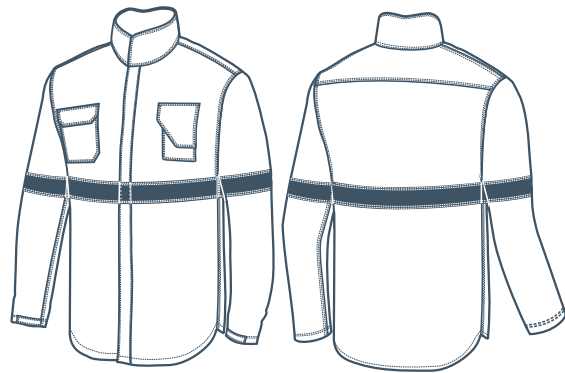

- Work Shirt made with cotton gabardine.
- It has technical and design features that improve user comfort, increasing physical performance during the day.
- This garment is designed to allow full mobility and rapid evaporation of perspiration, achieving low thermal stress by releasing body heat.

OTHER DETAILS

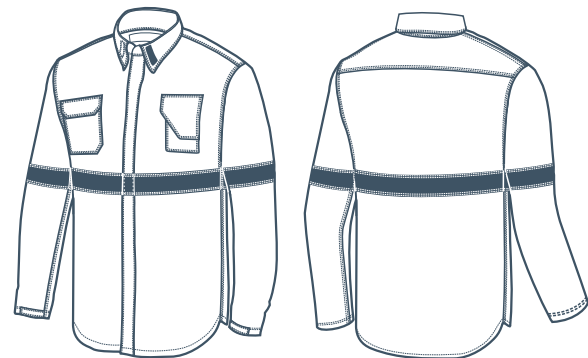

- The collar can be raised and fastened in order to protect the user's neck.
- Straps for fastening elements at the chest.
- The zipper is protected by a storm placket.
- The reflective tape offers 360° vision.
- Better visibility during day and night.
- Straps to hang gloves at the waistband.
- The cuff extends over the hand for added protection.
- Cuff adjustment with Velcro.
- The back is longer, which forms a penguin-type tail to protect the body in different types of movements during work.

Work Shirt XVI Sizes Chart

Option
raised or closed collar

Option
folded or open collar

- Measurement A is the perimeter of the torso by placing the tape right below the armpit with the arms down, and in an upright body position. Take the measurement with a shirt on.
- Measurement B is taken in the same body position as in A, placing the tape from the base of the neck up to the wrist, going over the shoulder and the elbow.
- Sizes not shown in the table are considered special, so they may differ in cost and delivery time.

The chart shows the measures of the body, not the ones of the garment

GARMENT	Measure/size	XS (36)	S (38/40)	M (42/44)	L (46/48)	XL (50/52)	XXL (54/56)
SHIRT	A-Chest	Less than 82 cm	Between 83/92 cm	Between 93/102 cm	Between 103/112 cm	Between 113/122 cm	Between 123/132 cm
	B-Sleeve length	Up to 70 cm	Up to 70 cm	Up to 75 cm	Up to 80 cm	Up to 85 cm	Up to 85 cm
