

WILDFIRE

Tipsa hose Armtex one

- | Designed and recommended for firefighting, especially in municipal fire departments, petrochemical and nuclear plants, navies and other industrial services.
- | Made from circularly woven 100% high tenacity synthetic yarn, completely protected and locked-in by a tough, highly resistant synthetic nitrile rubber & PVC blend, extruded through the weave and forming a single homogenous construction without the use of glues or adhesives.
- | The hose is capable of withstanding a surface temperature of 1112° F (600°C) for a minimum of two minutes without rupture or damage to the synthetic reinforcement when subjected to static pressure of 100 psi
