MODE OF USE

INNER BAG REMOVAL

BACKPACK ASSEMBLY

WASHING INSTRUCTIONS

- Remove the hose, nozzle, and inner bag using the same change/replacement procedure as instructed in this manual.
- Remove the cap from the textile strap to which it is fixed by removing the stainless steel Phillips screw together with the washer.
- To avoid losing the screw, you can leave it in the cap once it has been removed.
- Wash the backpack by hand or in a washing machine.
- Remember: DO NOT SPIN-DRY
- The textile backpack can only be washed with the components sewn to it.
- After washing it, let it dry in the shade.
- When the backpack is clean and dry, place the cap on the textile strap by tightening the Phillips screw and the washer.
- Then, insert the bag.
- Fit the reinforcing washer with filter.
- Finally, coil the hose and the nozzle.

WARRANTY

- 1-year warranty.
 - The operating instructions must be followed to ensure the durability of the product and to avoid damage.
 - Improper use of the water backpack, as well as any cleaning process other than those mentioned above, may alter the resistance levels of the product.
