

Tritón Inflatable Tanks

USES

Designed for the temporary storage of water during wildfire suppression operations and other activities that require on-site supply.

DESIGN & MATERIALS:

All models include a repair kit with integrated Velcro.

Handles and rings are designed for quick handling and secure fastening.

Can be transported on wildland fire trucks, optimizing space compared to traditional foldable tanks with aluminum structures.

Double wall (Drop-Stitch) made of PVC 2.6kg/m³ Grey Color. These walls are 20 cm thickness when inflated, to give higher resistance.

Single wall in floor and closures made of PVC 0.9mm - 1.1kg/m³ Red Color.

25,000 L and 50,000 L models: designed for use with Bambi buckets.

Reinforced top on Tritón 25,000 L and 50,000 L models, preventing damage during use with Bambi buckets.

MODEL TABLE

Model	Capacity	Size	Materials and Construction	Components
Tritón 2300 	2.300 L /600 gal	Ø 1,8 m × 1,5 m high	0,9 mm PVC + 20 cm drop-stitch (gray and red)	<ul style="list-style-type: none"> - 1 Outlet 3" - 2 Valves - 4 rings and 4 handles - 2 rings for hold hose - Velcro fastener for repair kit
Tritón 8000 	8.000 L /2.100 gal	Ø 4,0 m × 0,8 m high	0,9 mm PVC + 20 cm drop-stitch (gray and red)	<ul style="list-style-type: none"> - 1 Outlet 3" - 2 Valves - 6 rings and 6 handles - 2 rings for hold hose - Velcro fastener for repair kit
Tritón 15000 	15.000 L /4.000 gal	Ø 4,0 m × 1,5 m high	0,9 mm PVC + 20 cm drop-stitch (gray and red)	<ul style="list-style-type: none"> - 1 Outlet 3" - 3 Valves - 6 rings and 6 handles - 2 rings for hold hose - Velcro fastener for repair kit
Tritón 25000 	25.000 L /6.500 gal	Ø 4,5 m × 2,0 m high (with superior reinforcement)	0,9 mm PVC + 20 cm drop-stitch (gray and red)	<ul style="list-style-type: none"> - 1 Outlet 3" - 3 Valves - 6 rings and 6 handles - 2 rings for hold hose - Velcro fastener for repair kit
Tritón 50000 	50.000 L /13.000 gal	Ø 6,0 m × 2,0 m high (with superior reinforcement)	0,9 mm PVC + 20 cm drop-stitch (gray and red)	<ul style="list-style-type: none"> - 1 Outlet 3" - 3 Valves - 6 rings and 6 handles - 2 rings for hold hose - Velcro fastener for repair kit

AVAILABLE ACCESSORIES AND COMPLEMENTS

Accessory	Technical Description
Carry Bag	Made of PVC with Carrying Strap / available for Tritón 2.300 / 8.000 / 15.000.
Battery Blower Pump 150W	12V 10A electric air pump with 4,000 mAh lithium battery. Inflation pressure: 0-20 psi. Dimensions: 24 × 18 × 8.6 cm. Weight: 1.5 kg.
0.45 mm PVC floor	Available for models 2,300 (2.5 × 2.5 m) / 8,000 (4.7 × 4.7 m) / 15,000 (4.7 × 4.7 m) / 25,000 (5.5 × 5.5 m) / 50,000 (6.9 × 6.9 m).
Foldable plastic pallet	Made of plastic and steel / available for Tritón 25.000 / 50.000. Dimensions: 120 × 100 × 100 cm. Weight: 45 kg. Includes top cover.
