- **Halligan de Incendio 76 cm Garra Estándar - Halligan Bar 76 cm Standard Claw /**
SKU: 04PTUR000021C

Features:

The Halligan bar is a single-piece forged, made with heads and claws forged from high alloy steel and heat treated for high strength, impact resistance and low transmission of vibration.

The central axis has a grip that allows the tool not to slip when force is used, avoiding injuries or bruising.

The finish consists of an anti-corrosive electrolytic treatment and baked paint coverage.

Test Reports / HRC Hardness:

- The product is performed and tested with HRC Hardness 45

We INFOREST IBÉRICA SL, hereby also certify and declare that the product "Halligan de Incendio 76 - 91 cm Garra Estandar / Garra de Corte - Halligan Bar 76 - 91 cm Standard Claw / Cutting Claw" meets all safety, health and environmental protection requirements imposed by the relevant European Directives (CE).
