

USES:

Portable stackable light for use in fire, rescue, industrial, construction, medical emergencies, among others.

DESIGN AND MATERIALS:

- Compact size with a 360° rotating head, stackable to create a “light tower.”
- Hook-style base for hanging on doors, railings, and fences.
- Rechargeable lithium-ion battery.
- Digital display that shows intensity level and lantern runtime.

MODES

Five intensity levels:

- **20%:** 2300 lumens
- **40%:** 4500 lumens
- **60%:** 6300 lumens
- **80%:** 8300 lumens
- **100%:** 10000 lumens

DIMENSIONS

DIMENSION	40.6cm x 27.9 cm x 30.5 cm
WEIGHT	7,06 kg (15.56 lb)
